What do I need to know about the Bicycle Retailing market?

The following summary statistics have been taken from market research reports and reliable resources that the Information Service uses to compile industry information. They should give you an indication of how your industry is faring at present and whether there is demand for your type of business:

- ◆ Mintel estimates that in 2021 the total UK cycling market (includes bicycles, e-bikes, PACS, services and products) had an estimated value of around **£2.15 billion**, similar to 2020, despite the drop in volume of bicycles and products sold over the year. (Mintel, *Cycling in the UK*, March 2022).
- ◆ Just over a third (**34%**) of GB adults are cyclists as of December 2021. Only 6% of adults cycle most days (four or more days a week). COVID-19 has had a positive impact on cycling uptake. The first few months of COVID-19 saw a rise on both men and women cycling. (Mintel, *Cycling in the UK*, March 2022).
- ◆ Over the five years to **2027-28**, industry revenue is expected to **increase** at a compound annual rate of **0.2%** to reach **£1.7 billion**. Industry growth is expected to be supported by government support to promote active lifestyles and go green, health consciousness and eco commuting, and the popularity of e-bikes. (IBISWorld, *Bicycle Retailing in the UK*, January 2023).
- ◆ Bicycles are anticipated to account for **37.0%** of industry revenue in the current year. Growth has been strong during 2020-2021, with demand expected to increase over the five years through 2022-2023. Bicycle sales are increasing and a significant proportion by children. The National Travel Survey reported an increase in total distance cycled by people aged 16 and under. (IBISWorld, *Sporting and Outdoor Equipment Retailers in the UK*, October 2022).
- ◆ People in Edinburgh and the Highlands were more likely to cycle to work at least regularly than in any other authority. ([ACMR2022](#)) (We Are Cycling UK, [Cycling UK's Cycling Statistics](#) February 2022).
- ◆ The national organisation for this industry is the [Bicycle Association of Great Britain](#). Other industry bodies include [British Cycling](#), [Association of Cycle Traders](#), [Cycling Scotland](#), [Cycling UK](#) and the [European Cyclists' Federation](#).

Where can I find more information on my market?

The Information Service has access to a number of databases which can offer more detail on this industry. Some of these reports are listed below - if you would like to be sent extracts from any of these reports, please contact us on **0300 013 4753** or email info@bgateway.com.

- ◆ **Mintel – Cycling in the UK (March 2022).** Mintel research shows that 14% of cyclists now own an electric bike. E-Bike adoption continues to be led by male cyclists and under 45's. In the 25-40 age group, almost as many females (17%) as male cyclists (20%) now own an e-bike.
- ◆ **IBISWorld – Bicycle Retailing in the UK (January 2023).** Health consciousness and commuting costs will increase uptake of cycling. The growing importance of low carbon transport modes will increase e-bikes sales. Competition from outside sources and vendors will remain a key barrier to growth. Although, government support to promote active lifestyles to go-green will increase sales.
- ◆ **IBISWorld – Sporting and Outdoor Equipment Retailers in the UK (October 2022).** Bicycles have become an increasingly popular mode of transport over the past five years due to convenience and health benefits. Local governments have introduced safer road policies and new cycling networks. There has been a 27% decline in cycling trips in 2021. Revenue is expected to fall slightly in 2022-2023 due to the cost-of-living crisis.
- ◆ **Technavio – Global Bicycle Market (2023-2027).** Offline was the largest segment of the market in 2022 and will continue to be the largest segment of the market in 2027, growing slower than the overall market (6.32%). It would grow at a compounded annual growth rate of 6.13% between 2022 and 2027. Offline would be the slowest growing segment within the overall market and would grow from \$54,131.94 million in 2022 to \$72,890.02 million in 2027. Offline will contribute 82.66% of the incremental growth in the overall market between 2022 and 2027.

How can I find out about my competitors?

Business Gateway's online guide to [Competitor Analysis](#) explains how to find your competitors, how to research what they're doing and how to act on what you learn about them.

Immediate competition will be from other businesses in your local area. There are several online directories which can be used to find company information and generate lists easily and at no expense. Many Local Authorities also publish local business directories on the web. Below are some key web resources:

- ◆ General business directories such as [Yell](#) ,[Thomson Local](#) or [Google Maps](#)
- ◆ Trade specialists like [EuroPages](#) (European directory), [The Wholesaler](#) or [Free Index](#)
- ◆ Business to business (B2B) specialists such as [Kompass](#)

Likewise, your local Chamber of Commerce may publish a members' directory; find your local Chamber on the [Scottish Chambers](#) website.

Once you've identified who your competitors are, the next step is to gather information on the way they do business. Which services do they provide? How do they market themselves? How much do they charge?

To learn about your competitors:

- ◆ Look for articles or adverts in local newspapers, trade press and directories.
- ◆ Try to read their marketing material; if the company has an online presence, visit the company's website as a first port of call. Not only does it give you a better understanding of the company's activities, it can also offer a wealth of information such as a company history or staff biographies, as well as the company's partners or suppliers
- ◆ Search for information on limited UK companies via the [Companies House](#) website
- ◆ Gain an insight into your competitor's performance using credit checks and the accounts that limited companies are required to submit to Companies House each year.

We can provide credit checks free of charge; if you are interested in using this resource, or looking for us to help you find relevant publications, please contact us by emailing info@bgateway.com or by calling **0300 013 4753**

What about suppliers?

[Choosing and Managing Suppliers](#) can help you decide what you need from a supplier, how to identify one and how to choose one to deal with.

Trade associations or industry specific organisations may also be able to recommend suppliers or contacts. You can also use the aforementioned resources for finding competitors to find suppliers.

Once you have decided on a supplier, we can run a credit check on the company to help assess their financial stability. We provide credit checks free of charge; if you are interested in using the resource please info@bgateway.com or by calling **0300 013 4753**.

Who are my customers?

Your business plan should include information about the customers you would expect. Business Gateway's guides on [Market and customer research](#) will help you to identify new trends, opportunities, customers and competitors.

It can be useful to group your customers by geographical location, age or lifestyle. The websites listed below are freely available and can provide most of this information. If you can't find what you're looking for from these website, please contact us and one of the team will be happy to help:

- ◆ Access the latest population estimates from the [National Records of Scotland \(NRS\)](#). NRS also offers demographic factsheets for each council area in Scotland, which can provide summary statistics for the area you will be based in.
- ◆ Information from the most recent census in 2011 is released via the official website. See in particular the [Census Area Profiles](#). Clicking on your area of interest will give the latest population figures, including estimates by age.
- ◆ [Understanding Scottish Places](#) has interactive profiles of towns and cities across Scotland. It can be useful for understanding the interrelationships and flows between towns, and also gives comparisons between two or more places.
- ◆ [Scottish Government Statistics](#) provide accurate and up-to-date statistics on Scotland, covering population, health, education and housing.
- ◆ [The Scottish Household Survey](#) provides information on the structure, characteristics, attitudes and behaviour of Scottish households, both at a national and local level.
- ◆ [Office for National Statistics \(ONS\)](#) is the recognised national statistical body for the UK. ONS covers a wide range of demographic, economic and social issues at a UK level.
